

## Smile Side Wisdom Interpretation Heart

**issues in science education: problem-solving, creativity ...**- pupils to solve problems for themselves, and taking care not to stand at the side giving a benign 'experts' smile at 'correct' solutions only. (Brophy 1978, p. 743) this implies that the purposes of problem-solving under this regime are very different to the more traditional uses of this technique. indeed, it may be that
